

Hello,

With the current COVID-19 pandemic the health and well-being of our Staff, our Members and the public at large are of the utmost importance to us in this difficult time. The Association of Architectural Technologists of Ontario (AATO) will be, in conjunction with the directive of the Premier of Ontario, temporarily closing our office at this time.

Staff will continue working remotely and be available both by phone and email throughout the office closure. The Association Council continues to function in its full capacity and will connect remotely in lieu of in person meetings.

We are decidedly aware of the serious nature of this outbreak and the impact it is having on all of us and will take all appropriate steps to ensure the safety and security of each one of us as we navigate through these uncharted waters. We appreciate your patience and understanding at this time.

Additionally, after thorough considerations the AATO is postponing our Conference and Annual General Meeting (AGM) that is currently scheduled for April 25th, 2020. While we regret having to make this decision, the health and well-being of our members, sponsors, presenters and volunteers are our priority. As we get clarity on COVID-19 in the weeks to come the AATO will update you on our plans for rescheduling the AGM.

Rest assured the Association will continue moving forward and together we will get through this outbreak in the safest manner possible.

We wish you and your family's safety and health throughout this crisis and all the best as we work through this time together.

Kind Regards,

Association of Architectural Technologists of Ontario

Jim Dodge, M.A.A.T.O, GGP

President
